Non-LERMAS members are recommended to take out individual commercial insurance

Information about the sports hall:

- The hall is part of the United School on Ľudmily Podjavorinská Street in Prešov
- The height of the hall is approximately **9 meters** - according to FAI rules it is a hall II. Category (8 to 15 meters in height)
- Decking width **23.25 meters**
- Decking length **40.7 meters**
- The ceiling of the hall is formed by a gently corrugated rigid structure without protruding beams or other structural elements
- There are small square-shaped lighting fixtures on the ceiling, firmly attached to the ceiling structure - F1N models tend not to get caught on anything on the ceiling :)
- Along the length of the hall there is an auditorium for spectators on one side, on the other side there are windows, protected by a net

Warning: Entrance to the hall is only allowed in sports shoes that do not leave any marks on the floorboards !
